Narrative Explanation, if needed

Annual inspection performed today, housing area is clean & odor free; I viewed no apparent signs of illness or injury, ambient temperature is within proper range. Previous inspection (11-5-14) noted a wooden shelf used in the housing area that is not moisture resent nor did it have the ability to be sanitized, also at that inspection I viewed no medication logs for the supplements given. Today's inspection notes the same inadequacies:

0202-d} Indoor surfaces impervious to moisture is not acceptable due to wooden shelf seen in close proximity to the cats housed here.

0102-3} No medication logs seen for supplements or prescribed medications seen here today.

0102-2} Record of description is missing on records for "Moe"; all other records had proper descriptions completed. No other inadequacies noted today.
