ADDENDUM TO APPLICATION FOR ASSISTANCE
NORTH CAROLINA COMMISSION COST SHARE PROGRAMS

As a Soil and Water District Supervisor, for the Albemarle/Camden Soil and Water Conservation District, I have applied for, or stand to benefit* from, a contract under a commission cost share program. I did not vote on the approval or denial of the application or attempt to influence the outcome of any action on the application. The proposed contract is for the installation of the following best management practices.

Program: NCACSP

Best management practice: Crop Residue Management

Contract number: 15-2015-002 Contract amount: $7,193

Score on priority ranking sheet: 70

Cost Share Rate: 100% If different than 75%, please list % percent:
Reason: Incentive BMP

Relative rank (e.g., ranked 8th out of 12 projects considered): All applications equal ranking.

Were any higher or equally ranked contracts denied? No

If yes, give an explanation as to why the supervisor's contract was approved over the other contracts:

Supervisor name: Don Lee Keaton

ADDENDUM TO APPLICATION FOR ASSISTANCE
NORTH CAROLINA COMMISSION COST SHARE PROGRAMS

As a Soil and Water District Supervisor, for the Craven Soil and Water Conservation District, I have applied for, or stand to benefit* from, a contract under a commission cost share program. I did not vote on the approval or denial of the application or attempt to influence the outcome of any action on the application. The proposed contract is for the installation of the following best management practices.

Program: NC Agricultural Cost Share Program

Best management practice: 5 Year Sod-Based Rotation

Contract number: 25-2015-005 Contract amount: $2,860.00

Score on priority ranking sheet: 20

Cost Share Rate: 100% If different than 75%, please list % percent:
Reason: Incentive Practice (paid at 100%)

Relative rank (e.g., ranked 8th out of 12 projects considered): Ranked 4th out of 6 but only 1 project considered.

Were any higher or equally ranked contracts denied? No*** (See explanation below)

If yes, give an explanation as to why the supervisor's contract was approved over the other contracts:
Six (6) applications received during the batching period. Of these six, this application ranked 4th out of the 6 received (2 applications tied for 2nd place). The other higher ranking applications have not been approved for funding yet because of the following reasons: Highest ranking – just recently received engineering design for one component. We are also waiting for a wetland determination on one field before federal assistance can be received for planning/design of the other components. 2nd highest ranking – Cooperator signed up for EQIP and ACSP for a lagoon closure. We have not proceeded with writing an ACSP contract in hopes he will be approved for EQIP funds. (Cost associated with this closure will likely be more than our total cost share allocation for the year). 2nd highest ranking (tied for 2nd place) – Structural practice which has not been designed yet. We focused our attention on this supervisor contract over the higher ranking structural practice because this is a vegetative practice with limited planting windows and also a Supervisor contract with limited dates for Commission review/approval. Approval of this contract is not a denial of the higher ranking contracts it is simply approving it before the other contracts due to planting windows, etc. and because the others are not ready for approval yet. We do anticipate there being enough funds in our account to fund the higher ranking structural practice and the highest ranking application (if wetland issue is addressed during this program year).

ADDENDUM TO APPLICATION FOR ASSISTANCE
NORTH CAROLINA COMMISSION COST SHARE PROGRAMS

As a Soil and Water District Supervisor, for the CRAVEN Soil and Water Conservation District, I have applied for, or stand to benefit* from, a contract under a commission cost share program. I did not vote on the approval or denial of the application or attempt to influence the outcome of any action on the application. The proposed contract is for the installation of the following best management practices.

Program: *AgWRAP*

Best management practice: *Water Supply Well*

Contract number: *25-2015-802* Contract amount: *$5,000.00*

Score on priority ranking sheet: *85 points*

Cost Share Rate: *75%* If different than 75%, please list % percent:
Reason:

Relative rank (e.g., ranked 8th out of 12 projects considered): *Ranked 2nd out of 3 projects considered*

Were any higher or equally ranked contracts denied? *No (but see explanation below)*

If yes, give an explanation as to why the supervisor's contract was approved over the other contracts:

There are only enough funds in the district account to partially fund one contract. The highest ranking applicant decided to convert to an EQIP contract for his water supply well because he was the only applicant that qualified under EQIP and the cost share rate (for pumps) is higher with EQIP.
