Narrative Explanation

I performed an annual inspection today and found a few inadequacies that need to be addressed.

This approval is contingent upon the following being corrected within 30 day.

This facilities paperwork is inadequate and incomplete, information is documented on a paper forms these form do not allow for important information to be documented. Facility does not have a system to accurately document information such as physical condition , health, medications given and pictures of animals. Facility needs an updated system immediately.

0207 Number of employees: Facility has one part time employee to clean in the mornings during the week, this is inadequate for the size of the facility.
0301 Vehicles mechanically sound: one of the animal control vehicles has a rusting tailgate that hold the cage in place this a possible hazard to animals and other vehicles.

Facility is to submit a corrective plan of action to the Animal Welfare Section within 5 business days. I will perform a recheck of this facility in approximately 30 days.
