Bladen County Animal Shelter	Bladen County Goverment	Elizabethtown	NC

Narrative Explanation

I performed a follow up inspection at this facility today.

I noted the following item has been corrected:

.0207 Sanitation / Grounds - Clean - I noted the grounds outside the outdoor kennels in the back of the shelter are clean of wet dog food and trash. Much improvement noted. Continue to keep all the grounds clean.

Item still to correct - time given was 60 days - 11/24/15:

.0302 Transportation / Construction of Enclosure - The 2 transport units being using daily still need operable fans installed. I advised the shelter director to mount one fan on the front end of each dog box and to make sure a removable plate is included. This plate will stop drafts in cold weather.

.0302 Transportation / Enclosure Cleaned & Sanitized - I noted old feces in one of the two dog boxes. I advised the shelter director that these transport boxes are to be cleaned between shipments.

A follow up inspection will be conducted in no less than 30 days on items .0302.

Comments:

The shelter director and manager advised that they are dealing with some feline upper respiratory cases. It is noted that the ventilation fan in the healthy / adoptable cat room is small for that size room. The director advised that plans are in the works to create more ventilation in the adoptable cat room.

I noted the plastic barrels have been provided for the dogs being housed in the outside runs. Cleaning was ongoing during this inspection.

☐ check here if a euthanasia inspection form is attached
