Narrative Explanation

I performed a random inspection at this facility today.

Comments:

Since the last inspection the shelter has created a very attractive garden that is in the walking trail area. The shelter has volunteers that take the dogs out for daily exercise on the walking trails.

The shelter director advised me that there are plans for creating a cat exercise / enrichment room. We discussed acceptable building materials and the number of cats that are allowed in the room (12) at one time.

I have noted that the shelter and enclosures are clean, odor free and in good repair. A random inspection of records indicates the records meet the Animal Welfare requirements.

The shelter director advised me there was a small area in the k-9 area where the epoxy was chipped. He also advised the local company who installed the floor is coming back to repair this area. I have observed this small area and will make note of the repair on the next inspection.

Continue to make repairs as needed.

☐ check here if a euthanasia inspection form is attached
