Narrative Explanation

Follow up inspection from 12/19/14

Item corrected:

.0201 Facilities / Housing in Sound Repair - General population cat house - room on left - the damaged areas in the ceiling have been repaired - work is acceptable.

Since the last inspection the FIV building porch has been re-worked. New frame work has been installed - wood on the outside and pvc (plastic on the inside) and new plastic coated hardware cloth covers the frame work - very nice. Cats enjoy being outside in the sunshine.

No inadequacies noted today - continue to make repairs when needed.

☐ check here if a euthanasia inspection form is attached
