Narrative Explanation, continued

I performed a "random" inspection at this facility today.

I noted that since the last inspection the owner has installed a new door entering the front play yard by the front door. Much of the older artificial turf has been replaced with new turf. The day care room has had a wall opened up so it gives the room a brighter look. A new small outdoor exercise area is now being used in front of the day care area. All of the improvements look good.

I noted the dog and cat enclosures were clean, odor free and in good repair.

The records meet the animal welfare requirements.

Continue to make repairs as needed.
