## Narrative Explanation, if needed

Follow-up inspection from 6/5/13.

Items Corrected:

1. Outdoor exercise yard / large & small - the wood planks in the small yard have been removed; large yard - the wood topped "bridge" has had the wood replaced with a non wood material. Small yard - a good carpet of grass is now growing in this yard. Much improvement noted.

2. Indoor kennels #'s R5, R6, R9, R10 - the block has a sealer under the paint that has been scratched. As long as

concrete block is sealed, it is permissible not to use paint. All concrete surfaces must be sealed either with paint or sealer. At this point in time the kennel is very busy and all runs are needed. In the slower, winter months the owner plans to re-paint any areas that require painting.

3. Perimeter Fence - the perimeter fence on the right side of the building had fencing and gates with some rusted areas. This section of fence has been replaced. Work is acceptable.

4. Sanitation - right side of the outdoor exercise kennels - all areas under the rubber matts are clean today. Work is acceptable.

Comments: Continue to be proactive in replacing the poles and chain link when they become damaged. Temperatures were in range in all areas of the kennel, records were adequate.
