Cont.

Item Number	Explanation of Inadequacy (circled items above) And Recommendation For Compliance	Date Corrections Must Be Completed
	This is a "New" Licensing Inspection Today.	
	From the inspection on 1-7-08, the Primary enclosures that had exposed wood were an issue. Wire has been installed over the wood to prevent animal contact. This is adequate. This is a holding site only. Enclosures are clean today with no animals present. Grounds are clean as well. Records are being kept.
