Narrative Explanation, if needed

Performed an annual inspection.

At the time of inspection the facility was clean, there was no odor, and ambient temperature was adequate.

Water bowls being used were in good repair and the owner has started to buy stainless steel water bowls.

Not inadequate yet but vinyl tiles in the facility are starting to become damage and have cracks that can hold debris. If not addressed these can become inadequate.

Doghouse Doggie Daycare	Kathleen McDowell	Asheville	NC

Narrative Explanation, continued

Inadequacies noted are

0203-Impervious surfaces outdoors- In the outside play yards there is unsealed concrete with cracks, unsealed stucco and bare cinder block. These surfaces should be impervious to moisture, algae is present on the surfaces indicating they are not sealed. (Noted in the previous inspection)

0204- Enclosures in sound repair- Rust is present on kennels. Paint/seal/repair these surfaces for the enclosures to be in sound repair

Continue to replace damaged plastic water bowls to ensure all are in good repair.

Approval is contingent on inadequacies being corrected.

The facility has 90 days to correct the inadequacies noted. I will return some point after 90 days for reinspection.
