Narrative Explanation

10/02/2013: Visited this facility today due to a complaint regarding unclean conditions and severe overcrowding.

All animals must be removed form kennels/cages when cleaning, I observed kennels being cleaned while dog were inside.

There are several dogs and cats that have been here several weeks and/or months, staff states the contract veterinarian is away at this time and they are unable to euthanized. Two animal control officer were euthanizing 1 dog and 4 cats during this inspection.

All cat enclosures with 3 or more cats must have additional litter boxes.

Stray, surrendered and feral cats are housed in the same room, during previous inspections this was addressed and manager stated they would be settings up an area for isolation and/or possible sick felines. This facility still does not have an area for this purpose.

The shelter will be closed to the public for the month of November, I am requesting the shelter and animal control provide a detailed written protocol for housing the animals.

This facility is overcrowded due to the extended hold times animals that are passed the hold times and will not be put up for adoption, rescue or foster needs to be removed from facility to prevent overcrowding.

Humane Society must have CET's on staff no later than March 2014.

Facility was being cleaned during this inspection, I will reinspect this facility within 10 days.
