Narrative Explanation

At the time of inspection cleaning is in progress.

Inadequacies noted include;

1) Wood in the outdoor play yard(s) remains in damaged. At the previous inspection this was noted specifically at the cozy quarters. At today's inspection I noted damaged wood in almost all of the outdoor play yards. Spoke with staff at the time of inspection regarding which wood has become damaged and requires removal/ replacement with a material impervious to moisture (0203, 0204).

2) No progress has been made on resealing the floors in the Cozy Quarters or the K9 Campus. I have not received a time line from the contractor at this point as was stated at the time of the previous inspection. Repaint/Reseal damaged flooring (0202, 0204).

'Terminator Terrace' has been converted into a barn with shavings for miniature donkeys used for bedding in the walkway. This reduces the enclosure count for this facility by 12.

I will follow up with this facility regarding the removal of damaged wood within 30 days. Prior to this follow up please provide me with a time line for which the damaged floor can be repainted/resealed. Follow ups for this inadequacy will be based on the time line provided.

No sign of illness/injury in the general population. Records are in order.
