Narrative Explanation, continued

2) In the Hound Hall and Barkley Square especially, I again noted a build up of personal/cleaning/stored items that are preventing adequate cleaning and husbandry in these area. In the inspection report dated 07 22 2015 I addressed this concern however very little progress has been made in this area. Remove any unnecessary items to keep these areas clean and clutter free. This will reduce the amount of build up of food, hair, leaves, etc collecting around these items.

I previously received a time line from the owner of this facility indicating that all inadequacies noted on the inspection report dated 07 22 2015 would be corrected by 09 30 2015. I received an e-mail requesting an extension be added to this time line due to increased amounts of rainfall. This extension was granted at the owners request to have all inadequacies completed by 10 31 2015. Several items remain an inadequacy from this previous inspection along with new inadequacies noted on today's inspection report therefore the inspection is disapproved. This facility will have 60 days to correct all inadequacies from the previous inspection dated 07 22 2015 and today's inspection. I will return at some point after the 60 day period for re-inspection of the facility.

I am also requesting a map be provided to me of all the names of the Halls and sections of this facility for my guidance. Please e-mail this to me within 15 days.
