	Teresa has a small area to board in for now. This area has 7 open back and side cages. Need to put a thermometer in here. She has several cages in back of old animal hospital but they need some work. This area back here needs painting & sealing doors, ventilation finally fixed, and fix wire round cage doors. We can not lic you for this area back here due to alot of work to be done. You need to fix vynil floor in hallway back to this area, tore up and could be a hazard to dogs. Iso room in room to itself with ventilation, cage in there with a sign on the door. The small dog boarding area will work for here to be lic today. Do not use back area till I come back and approve it. She will not board cats for now and she would like to have a doggie day care some day but not today. Make sure you calk all cracks in the back area in the cement. She has application & vet care form enclosed along with check. Call when you get the rest of the hospital ready for reinspection
