Narrative Explanation

Follow up inspection performed today for the facilities disapproved annual inspection on 11-10-15. That inspection noted multiple inadequacies, the county did provide the Animal Welfare Section with an appropriate time line to complete all inadequate areas.

12-29-15} I conducted a follow up inspection in accordance to the time line issued, to ensure epoxy work for K9 enclosures had been complete - that work was done and to AWA Requirements.

Today:
In accordance to the time line issued, all walls in the cat housing area has been complete - new FRP board has been installed, as well as a new sink/prep area. All work is to AWA Requirements.

To fulfill the remainder of the time line and be in compliance w/ capacity requirements, the shelter is adding 8 new enclosures to their feline adoption room. Those enclosures have been ordered and are expected to be on site by the end of March - shelter manager will call me once the enclosures are delivered and installed.

Progress towards compliance since the shelter's disapproved inspection in November is moving at the agreed upon pace. I viewed no animals with untreated illness or injury, and housing area is clean and odor free. Animals housed here appear to be well cared for by staff.
