Comments:

Facility has expanded Kennel area. Add 16 more enclosures to K-9 Kennel space.
The indoor fencing in the first 4 "Cabins" has not held up so the owner has chosen to have aluminum square tube, powder coated fencing installed in all 8 new Cabins. The owner is going to have all the indoor chain link replaced with the aluminum now. It is much sturdier and should be less maintaince. Vinyle lattice has been installed in a chosen Cabin for extra small dogs for safety. The outside chain link is now secured very well around the bottom. Temperature is averaging 76° in all Cabins at 10:30 Am.
The outdoor exercise yard now has grass and is now permitted for dog play time - supervised.

Cat Room - No cats are boarding today. Kennels are clean and temperature is 74°.
The Cat Tree which is wood and carpet must be removed but may replace with a non-wood type - sanitizable surface.

Medical log and records are in order.
