Narrative Explanation

Annual inspection today. Suzy Watson and Lisa Lee in attendance.

Today I find that they are in progress with renovations to the outside dog kennel area.

1. A new fenced in play area has been erected in the center of the back yard. Full grass is established here.
2. New landscaping for promoting a more cohesive water drainage system is in progress. This area will house the cleaning/washing station.
3. A total of 4 kennels have had the floors concreted to include new concrete cross contamination barriers.
4. They are continuing to replace all dog houses with new plastic ones.
5. PVC pipe and mesh beds have been provided.

All disapproved items from last inspection are either completed or are in progress. No odor noted.

Staff and volunteers here have been diligently working to improve the dog kennel area and have been doing so very well. I am pleased with results thus far.

All animals on the premises appear happy, healthy and injury free.

Paperwork and visual identification on pens is within compliance.

I find no new items of concern in the cat house.

Continuation of rectifying issues throughout the dog kennels will continue.
