Narrative Explanation, if needed

New inspection done today. This is a new and renovated facility. Items from courtesy inspection corrected as follows. All flooring has been painted/sealed. Electrical wiring issues have been resolved. Play yard area fence has been erected to approx. 6 ft, electrical box has been blocked off and gravel has been utilized as material of choice for area coverage. The primary enclosures are installed and in compliance. Paperwork is in order to include vaccinations. One item of concern that will need to be addressed is the separation where the wall meets the floor in the Big Dog play area, the Small Dog play area and the kennel area. The circumference of these rooms will need to be filled and sealed. Owner is aware. All animals on the premises today appear happy, healthy and well cared for. I have found this facility to be odor free, well maintained and very pet friendly. I will return in or around 45 days to check on progress of the 3 areas requiring corrections. This inspection is approved.
