Item Number	Explanation of Inadequacy (circled items above) And Recommendation For Compliance	Date Corrections Must Be Completed
	Comments:	
	There were no resting surfaces in the wire bottom puppy cages but this was corrected during the inspection.	
	The owner needs to begin looking at re-coating the wire bottoms in the fiberglass bank of cages. This item is not bad today but there is some areas that will need attention if these cages are continued to be used.	
	No sign of illness noted in the puppies or kittens today.
