Cont.

Item Number	Explanation of Inadequacy (circled items above) And Recommendation For Compliance	Date Corrections Must Be Completed
	Follow-up from 3-24-08	
	7) Run #24 - hole in Kennel wall has not been addressed yet. There are 2 other runs that have damaged areas from dogs chewing. Director is aware of this problem and since this is a new facility that has only been in use since Sept. '07, has presented this to the company which manufactured the Kennels.	
	17) Bulk food storage area shows rodent droppings - Rodent control is needed.	
	Comments: Food stored properly today. Medical log is being maintained in a more detailed manner as discussed. A small amount has been allocated for injured dogs - veterinary care - at the discretion of the shelter supervisor.	
	It is noted again and has been discussed w/ supervisor the issue of resting surfaces for PC dogs. Cleaning is ongoing at time of inspection.	
	Shelter is conditionally approved pending the Kennel wall repairs.
