Narrative Explanation, if needed

Follow up inspection done today. Corrected items as follows. 0204> The cross contamination barrier issues have been rectified with the exception of one. Staff is in progress with this. Some rusted kennel posts are remaining. This is a repair that is ongoing at this time as well. The kennels that required repainting and resealing have been completed. New items of concern. 0207> Outside play area has 2 new issues that need to be addressed. Large bare dirt area noted. Staff has opted to grow grass here and will reseed and block dog access while grass is being established. The other area is at the entrance gate to the yard. Staff will place pavers here due to the high canine traffic. There is an air conditioning unit out under the cover of the dog kennels to the side of the building. This unit will require general housekeeping and to be free of all clutter. The staff has informed me that the county will be breaking ground on a new facility with in the next 2 months. This will all come together for them in the year of 2014.

Currituck County Animal Shelter	Currituck County Government /	Maple	NC

Narrative Explanation, continued

Until then, the staff here will continue to adhere to the AWA as it pertains to a shelter and to remedy any further issues that may arise in this older building. Once again the animals on the premises appear happy, healthy and injury free. The staff and volunteers continue to deliver a good quality of care and attention to all the animals. I will follow up in or around 60 days.
