Narrative Explanation, if needed

Annual inspection performed today. Repaint/reseal cement block walls as needed where paint is chipping so that they are impervious to moisture. This was listed on last inspection as well. Be sure all cracks in the outside kennel floors are caulked and sealed. Sweep of ceiling needs to be done to remove cob web buildup. Overall facility was very clean. There are no boarding dogs here at this time. All the dog at the facility are in the training program. Great job here!
