Davie County Animal Shelter	Bob DeWitt Lieutenant	Mocksville	NC

Narrative Explanation

At the time of inspection cleaning was in progress. Walkway through the center of the indoor enclosure area has been sealed since the previous inspection according to Lt. DeWitt and plans are in place to seal this again including the indoor and outdoor enclosures. Wire throughout the facility continues to be in good condition. Plans are also in place to add attic fans in the indoor enclosure area to aide in drying and ventilation.

Inadequacies noted at the time of inspection include;

1) Trough drains on exterior portions of this facility have large cracks that hold water, feces, and various debris. These cracks will need to be sealed to prevent this problem. Also feces from the previous day(s) was noted in the sump box. Plans are in place to begin work on the trough drains on July 1st, 2014. (0203)

2) Excessive build up of trash, old cat food cans, and standing water around perimeter of this facility today. Remove waste daily and eliminate the build up of such items to aide in pest control. (0207)

Overall facility remains in good condition. Records are in order. Food is appropriately stored. No sign of illness/ injury in the general population. Keep up the good work.

Provided Lt. DeWitt with a copy of the Q&A regarding 19A 32.1.
