Narrative Explanation, if needed

Follow-up inspection from 6/6/13 / Items Corrected:

1. Food Protected / Bags of food that were stored directly on the concrete floor are now either on a shelf or a pallet. Treats are stored in a covered can.

2. Method of Sanitation - It was noted on the previous inspection the runs were being hosed while occupied. Today there were no signs of wet dogs or occupied kennels being hosed. The shelter now has a portable kennel to rotate dogs into while their run is being hosed.
