Narrative Explanation

Annual inspection performed today.

Inadequate items to be corrected:

1. .0201 Food / Bedding - The can containing the bag of dry dog food was standing open. Lid must be kept on can.

2. Shavings were found in the dog houses today. The only bedding that is acceptable is that which may be cleaned and sanitized. No bedding is required in a dog house in warm weather. Remove the shavings from the dog houses. Use bedding in cold weather.

3. .0207 Sanitation / Grounds / Building - Trash was found on the grounds and in the building. A dog water bowl full of dirty water was noted outside the dog pens. All trash on the grounds and in the building must be kept picked up and placed in the trash receptacle. All dog bowls / pans must be washed and stored in the building when not in use.

4. .0204 Primary Enclosures / Sound Repair - Pen #5 there are loose wires sticking out in such manner that is hazardous to a dog. Wire is bent and in poor condition on this pen. Replace all the wire on the #5 pen with a better grade wire. Pen # 4 - the latch on the gate is loose and the gate is secured with 2 concrete blocks. Fix this gate so it will secure a dog without having to use concrete blocks.

5. .0203 Outdoor Facilities/ Drainage - All the gravel drain areas have weeds growing. This drain area must be kept clean of weeds/ grass. Clean all the gravel areas around these 2 pens and keep them clean of weeds and grass.

6. .0101 Records / No records were available today. Make sure records are available on the follow up inspection.

Follow-up inspection in 30 calendar days - 8/15/14.
