Item Number	Explanation of Inadequacy (circled items above) And Recommendation For Compliance	Date Corrections Must Be Completed
	The wood fence which had material sprayed on it to make it water proof is now fadeing away. The dogs are scratching it and it is going to have to be covered or replaced with some thing water proof. I told them when they opened if it got scratched we would have to replace it. Need to repair the plastic covering on wood play fence outside. The entrance way to play area (kitchen area) the walls are getting dirty and we need to cover those walls with shower board. Treatment sheet needs exact time, exact name of med, exact dosage you give each time. All of these things need to be done every time you give any meds. Keep food in sealed containers. These things need be addressed & attempted to be completed in 45 days.	

Be back around
Mid October to
look at these improvements
