Narrative Explanation, if needed

At time of inspection there are 6 dogs boarding. Records were not in order for 4 of the dogs. By the end of the inspection there was paperwork found for all but 2 of them. Records are missing for "Max", Yorkie Poo and "Sassy", poodle. I have contacted the vet for "Max" and confirmed rabies is current through May 2013. Records need to be maintained in a more orderly fashion and rabies vaccinations proof must be provided for each boarder. Sign out sheet needs to be utilized for each animal boarding. There are several outlets in the facility that need to be covered that dogs have direct contact with (this was noted on previous inspection also). As small cages become rusted they need to be sanded and repainted so that they are impervious to moisture and can be sanitized properly. Temperature in facility was in ambient range. Dogs seemed happy and content. Will follow up in 3 months to check that outlets are covered and recheck on records.
