Item Number	Explanation of Inadequacy (circled items above) And Recommendation For Compliance	Date Corrections Must Be Completed
	I performed a Euthanasia inspection today.	
	The CET's performed a practial and the practial was acceptable.	
	The CET's don't perform IC on animals. The staff utilizes muzzles for aggressive animals.	
	I did suggest that the shelter store some sedation medicine. I am concerned that the shelter staff will have an aggressive dog that can't be muzzled and could cause an injury to the shelter staff.	
	I suggested the staff to contact the veterinarian for the shelter and discuss this.	
	The Euthanasia manual is complete.
