Narrative Explanation

All records were intact for the rescue dogs at facility. All dogs appeared healthy. Enclosures and area around them were clean. Grates for bottom of small enclosures have been repainted since last inspection however paint is chipping off again on the grates that were vinyl coated. The grates were sanded down before being painted. Rustoleum galvanized spray compound was used. I have suggested getting one of the grates sand blasted down to the metal and recoating after to see if this would work. If so then follow same procedure with the remaining 6. No othe inadequacies noted. Good job here!
