## Narrative Explanation, if needed

Follow up inspection performed today at 11:00 am. Cleaning had not been finished at the time of inspection causing slight odor. The following corrections have been made since last inspection: door jamb has been covered on door frame going to laundry room, crates have been pulled out and baseboards have been cleaned and panels have been placed over the posts on the walls to make impervious to moisture. Floor in laundry room is scheduled to be fixed this weekend. Floors were clean in the laundry room. Gravel is being brought in after the 4th of July to add to back play yard. Inadequacies found at today's inspection are as follows: (0201) food was found in open bags. Food must be stored in sealed containers at all times. Water bowls were empty in some of the small dog crates and had not been filled since the prior night. Water was given during my inspection. Newspaper or solid resting surface must in every wire crate. Will follow up in 30-60 days.
