Narrative Explanation

New inspection performed today for licensing. All records have current rabies vaccinations. I suggested that if an animal is an owner release that a copy of drivers license be obtained with the record. Cat area is clean and odor free. Wire cages are in great shape. Continue to recarpet/cover cat scratch posts as needed if wood is exposed. Ensure that the back of the dogs kennels are cleared of debris/hair when cleaning. Air conditioning unit was recently rerouted causing a large amount of water to pool in outside play yard. This has made a large area of wet red mud. Landscapers are due out today to change this and to cover with straw until grass regrowth starts. This area needs to be fenced off if dogs are allowed to run loose in play yard or dogs must be leashed when going outside. Overall facility is well maintained and clean. Temperature is in ambient range. Ok to license.
