Catman-2	Harold Sims	Cullowhee	NC

Narrative Explanation

Performed a follow up inspection. The wood climbing towers have been removed and replaced with a tower made entirely out of PVC board. Damaged sheetrock has been repaired/covered with a material impervious to moisture. Window frame has been repaired with PVC to make impervious to moisture.

Inadequacies noted are wooden door frames need to be replaced/covered with a material impervious to moisture (204) Wood edging in the outdoor enclosure needs to be replaced with a material impervious to moisture (204) Damaged chicken wire that is in the back outside enclosure needs to be replaced since it is not in good repair and posses a hazard to the cats (204) (new wire has been bought and is on site but has not been installed)

Continue to work to keep the cat numbers down and be proactive when it comes to wood being damaged inside the facility. Will recheck at a later date to see if inadequacies are being addressed
