Item Number	Explanation of Inadequacy (circled items above) And Recommendation For Compliance	Date Corrections Must Be Completed

On Todays date I performed a Follow-up inspection on the last inspection on July 16, 2008, I address numerous inadequacies. The majority of those inadequacies have been corrected.

The Shelters inadequacies that still need to be addressed.

#10 - The Shelter has portable cages for the small dogs. There were about 3 or 4 cages were the dogs needed to be placed in the bigger cages. The manager did remove those animals. I advised the manager she does not put a dog in a cage unless it has adequate room to move freely within the cage;

#12 There is still some odor with-in the facility. The Shelter was being cleaned when I arrived.

#23 I observed some dogs that looked sick (i.e. mange). The manager she was in the process of euthanizia and had not finished. The manager advised those dogs would be euthanized today.

The manager is making improvements on this facility. I am conditionally approving this facility today and will perform a follow-up in 60 days.

The number of dogs is about the number that were at the facility on the July 16th inspection.

The number of cats are less then what was on the July 16th inspection.
