Item Number	Explanation of Inadequacy (circled items above) And Recommendation For Compliance	Date Corrections Must Be Completed
	Today's inspection is in regards to a Complaint filed by Charissa Cain Concerning her Great Dane, Joseph.	
	Joseph entered THCT on 2-18-08 for 3 weeks of basic obedience training. During Joseph's stay at THCT, he developed a swollen foot that was diagnosed as Cellulitis caused possibly by a spider bite. He was seen by Dr. Williams at the request and expense of THCT. This occured on March 5, '08, Joseph recovered from this and continued his training. On March 11 '08 THCT called Ms. Cain to inform her Joseph was sick and she should pick him up. When she received her dog, THCT waived the final half of his training fee which was $350.00 due to his having gotten sick. Ms. Cain was given a video to demonstrate how to work with Joseph on his obedience work when he got well. This was not of him because he left early. There were written helps sent with him as well. THCT stated Ms. Cain has not contacted them for any follow-up on his training. THCT stated Joseph was doing very well with his obedience work.	
	Prior to this investigation, the vets were consulted copies of medical records obtained and reviewed. Only one vet visit showed any prior problem before entering THCT. Joseph was on antibiotics 12-3-07 for a urinary problem. THCT employee-manager, Janet and Aimee stated Joseph appeared healthy upon entering facility. He was kenneled out of the main population because he barked almost constantly. Attempts were made to reduce his stress and keep him comfortable - extra bedding and separate kenneling. A check out weight was not done due to the owner wanting to get him home as quick as possible.	
	The owner signed a contract saying if her dog became ill, she was responsible for the vet bills.	
	It appears THCT has been more than fair with Ms. Cain in that they paid the bill on the swollen foot and waived the $350.00 she owed for the last part of Joseph's training. THCT stated she should not complain about Joseph's training when she has not called to follow-up if there were problems.	
	The medical log was accurate on Joseph. There were no problems noted on the facility's inspection today.
