Item Number	Explanation of Inadequacy (circled items above) And Recommendation For Compliance	Date Corrections Must Be Completed
	I came out today to look at new building and do an inspection on the entire facility. New building is great use them today. The other kennel building needs major repair uses kennel # 2, 3, 5, 6, 7, 12, 13, 17, 18 for over flow other runs needs repair before you use them. Play area needs calking & sealing at bottom of shower board. Old Building needs all wood covered, calked & sealed. outside play area they added a lot of pea gravel but need to keep a yard rake handy due to bare spots throughout play area. Walking area to get to play area is bare dirt but they dont have a choice due to young grass growing and Rock will not stay in place on slope why not fix you another walking area on good grass and rotate walking area. Can't do anything about bare dirt around building till you get grass est on other side of building. They have not been told to have outgoing signature so starting today they will have outgoing signatures using a log book on boarding and day care.	
	Change enclosure to 40 count	
	Call when you got something else to look at.
