Narrative Explanation

This new inspection today was attended by Sheriff Gibbs, Chief Deputy Manning, LT. Roberson, SGT. Wilkerson and AST Beck.

Since this inspection is due to the recent change in ownership/management, I am very familiar with this facility. All involved today showed their concern and willingness to make needed changes and to be in compliance with the AWA.

Items of concern are as follows:

1. 0204> The outside kennel area is in need of rock replenishing to have a full covered area.
2. 0204> There are a few wooden posts back here that support the shelter over the kennels. The fact that the canines have, although limited and supervised, access to these structures, they will need to be addressed.

The facility is odor free, and very well maintained. I am pleased to see the animals on the premises today to appear happy, healthy and well adjusted.

Paperwork is in order/compliance. Sgt. Wilkerson and Ast Beck have successfully reworked, reorganized and patiently took me through all of their new record keeping.

I have been informed that in July of this year, (new fiscal year) plans have been made to implement the new cat room. They are aware of all the criteria that comes along with this much needed endeavor. They will keep me informed as this project begins.

Many things that have needed to be addressed have been so. Rust issues, sharp edges on the raised resting areas and general housekeeping are completed and being well maintained.

Narrative Explanation

I will continue to work closely with Sgt. Wilkerson and Ast Beck in assisting them with any questions/concerns that they might have.

Euthanasia is being done through the Williamston Veterinary Hospital. All paperwork for this is reflecting so.

I will return in or around 60 days to check on progress or before then if need be.

I am confident and very pleased to see such sincere teamwork and effort coming from all involved.

☐ check here if a euthanasia inspection form is attached
