Item Number	Explanation of Inadequacy (circled items above) And Recommendation For Compliance	Date Corrections Must Be Completed
	Comments from 8-29-07:	
	7) Outdoor exercise area - gravel has been raked back into pens - Containment boards are used but still must daily keep the gravel raked to 6 inch depth. Chain link fencing has been repaired - watch daily to prevent any problems before they get too big. "Tool" area is now gated to keep dogs out.	
	11) + 12) Only fresh feces was found in outside exercise area - Remember to clean up feces at least two times a day. Still noticed some urine odor - discussed w/owner options to improve on this issue.	
	7) Indoor runs - 2 runs have damaged linoleum - owner is going to take linoleum out and use sealed concrete floor.	
	Discussed the inside kennel floors - beginning to need painting. Owner is planning to build a new kennel within the next 1½ years in a new location.	
	Pleased with the corrections of the inadequacies on the past disapproved inspections.	
	Good Job!
