0303 Food & water during transport	Not Applicable		0304 Observation of animals	Not Applicable

Narrative Explanation, if needed

Annual inspection performed today, at 11:30am. No staff accompanied me during this inspection. Housing area is clean and odor free at time of inspection with no apparent signs of illness or injury. Previous inspection on 2-29-16 noted a missing rabies certificate for a cat housed here, all records are on site, available and to AWA Standards today. (0204)- Enclosures in sound repair/prevents contact with wood is not acceptable today, due to scratches and damage in the port-o-holes of the enclosures, as well as an area of exposed particle board on the outside of the condos, that is in reach of the cats housed in that area. Repair these damaged areas to maintain enclosures in such a way that they are impervious to moisture and prevent the spread of potential disease.

Cats housed here are with the Scotland Co. Humane Society and appear happy, healthy and well cared for.

☐ check here if additional pages of narrative are attached

☐ check here if a euthanasia inspection form is attached
