Narrative Explanation, continued

3. .0206 Watering / continuous access - all dogs had access to water today.

4. .0204 Primary Enclosures / freestanding kennels in the yellow room - all 8 of the freestanding kennels have had the rusted areas cleaned and repainted.

5. .0204 Primary Enclosures / freestanding kennel in green room - the damaged FRP board has been replaced.

Items Still to be Corrected:

.0204 Primary Enclosures / outdoor exercise yards (yellow, orange, green) apply second coat of paint to asphalt areas.

.0204 Primary Enclosures / Green Room - clean, rusted areas on kennels and repaint / replace any fencing that corrosion has made weak. This includes the freestanding kennels and the crates. All enclosures must be kept in good repair. Replace all FRP / hardy plank board that is chewed / damaged.

Comments: Discussed with owner using disinfectants other than bleech that would be less corrosive on the metal enclosures.

Owner is in the process of repairing a plumbing leak in the yellow room.

Continue to provide adequate space for all dogs.

Note today's inspection is approved due to the progress the owner has made in addressing the inadequacies. If the above listed corrections are not addressed by the follow-up date, the inspection will be disapproved.

Follow-up inspection in 45 calendar days (11/26/12)
