cleaner and more organized. Work is acceptable in these areas.

Items still to be corrected:

.0204 Primary Enclosures / Yellow Room - clean the fence poles and fencing that is solid and then paint. Replace all fencing that is damaged. Replace all chewed FRP & Hardy Board in this room. Green Room - address the scratched areas on the dry wall by extending the FRP Board.

Comments:

It was noted the owner is working on pest control but there are still rodent droppings in the isolation area. Continue to keep rodent droppings cleaned up and practice rodent control.

The outdoor play yard area that is asphalt has been sealed with one coat. Owner is aware a second coat is needed.

Day Care ratio was in compliance during inspection today.

All dogs being housed were in space compliant enclosures.

All dogs had access to water inside their individual enclosures.

The owner advised the metal storage building in the orange room has doors she plans to replace due to rusting. All work at this point is acceptable.
