Item Number	Explanation of Inadequacy (circled items above) And Recommendation For Compliance	Date Corrections Must Be Completed
	Follow-up from 9/24/09	
	Items that have been addressed:	
	1- Isolation Room - Showerboard has been installed on the walls and the damaged door + moldings addressed.	
	2- Tub Room - Owner has repainted and now crates all dogs that need to be housed in that area.	
	3- Outdoor Ex. Yard - Adequate gravel has been added where needed and more sod has been laid and rye (winter) grass has been sown and is growing. The owner now has the wood deck area gated off so the dogs do not have access to it. She also installed a section of vinyl lattice to close an area the dogs had access to.	
	4- The front room and grooming room - if dogs are housed in these rooms they will now be crated.	
	5- All food is stored properly today.	
	6- Records - Age is now included on each dog's record as well as the Rabies vac. dates.	
	Comments:	
	Suggested owner cover the target area on the outside steel door with plexiglass or a stainless steel plate to prevent further wear on that particular area. It is evident the owner and her staff have worked hard to correct all the inadequacies on the 9/24/09 inspection.
