Narrative Explanation, if needed

Items to be addressed:

.0201 Facilities / canine kennel rooms / Re-paint block walls where there are areas of peeling paint.

.0201 Facilities / food prep room / cabinet under sink - left door, replace bottom broken hinge and re-paint damaged area on front corner of that same door.

.0201 Facilities / canine isolation room / repair 2 non burning lights. Canine general population - #030 - repair non burning light over this kennel.

.0202 Indoor Facilities / all canine housing areas - temperatures ranged from 87.8* to 88.3* at 10:25am - 10:40am. The ambient temperature shall not be allowed to fall below 50* F. or exceed 85* F. Indoor areas were 76.8* F during the same time span.

New Hanover Co. Sheriff's Off. Ar | New Hanover Co. Goverment | Wilmington | NC

Narrative Explanation, continued

.0204 Primary Enclosures / outdoor exercise yard - the wooden benches must be removed. These may be replaced with plastic or another non wood material.

.0210 Veterinary Care / Rabies Vaccination - Dogs and cats over 12 weeks of age that had been housed more than 15 days at this facility were noted as not having been vaccinated for Rabies. Shelter policy has been to vaccinate upon adoption. Management is advised to inoculate any dog or cat known to be 12 weeks or more of age that is housed in the shelter for at least 15 days.

.0302 Primary Enclosure Used In Transportation / units # 7 and # A4869 (Rivenbark & Watson) - the aluminum flooring in both units has become worn thin from use. There are holes that could cause an injury. Also, when the unit is cleaned, debris can go to the underside through these holes. Replace the bottom of these units.

Follow-up on the above items: 30 calendar days.

Comments: It is understood that correcting the temperature inadequacy and re-painting the kennel walls will be a large project. At the 30 day follow-up inspection, if these items have not been corrected a definite time frame will be requested. For now, the shelter is expected to put in place whatever reasonable means it can to keep the ambient temperature below 85*F in the canine kennel rooms. All other items will be expected to be addressed at the 30 day follow-up inspection.
