Comments:

Resting Surfaces - There was an insufficent number of resting surfaces in 2 enclosures. Attendant corrected this during the inspection. Reminded attendant and owner (by phone) to be sure that all puppies have access to a resting surface.

Owner has just installed a new door into a new isolation area. Work is not complete today but what she has is acceptable. She will finish painting the door and frame and install an enclosure.

There was no coughing or signs of illness noted today.

Advised owner not to display pups that are not old enough to be sold.
