Narrative Explanation, if needed

Annual inspection done today. Items in need of correction as follows. 0201> Large section of ceiling in dog kennel area remains exposed. This will need to be completed. 0203> Outside dog kennel that is utilized for exercise and fresh air has bare dirt floor. Before used again this will have to be addressed. Suggested 6 inches of pea gravel to cover area. 0204> Floors in dog kennels need to be resealed. Suggest removal of automatic tin feeders from kennels. Staff is not using them and there is no way to clean/ sanitize them properly between dogs. Water pipes in dog kennels require remounting. 0204> There are only 2 cat cages at this time that meet with the AWA. Cats are being kept in wire cat traps due to lack of space. Spoke with Animal Control Supervisor John White in regards to acquiring more cat cages to alleviate this problem. 0207> Outside behind the shelter there is debris and old equipment that needs to be cleaned up. I have also discussed the need for a more in debt record keeping system to include

kennel labeling, paperwork and filing. Staff has shown an eagerness in fixing the issues and coming into compliance with the AWA. All animals on the premises appear happy and healthy. Staff is very caring and compassionate. I will return in or around 60 days to check on improvements and progress.
