Narrative Explanation, if needed

This annual inspection reveals the following items of concern:

1.0203> Drainage here at this time is obsolete. The gravel cannot be seen due to the overgrown weeds/grass and all the canine feces that is in and around the kennels.

2.0207> The grass/weeds are overgrown and there is trash and debris through out the area. Feces is covering both enclosure floors.

3. 0205,0206> The kitchen pots that they have been using for water/feed bowls are dirty and rusty.

4. 0207> There are no signs of cleaning/disinfectant products in the vicinity. Feces is in large amounts on the kennel floors, in between the fencing and in various stages of decay.
