Narrative Explanation, continued

I performed a "follow-up" inspection at this facility today from 3/30/16.

I noted the following inadequacies have been corrected:

1. .0207 Sanitation / Waste Removal 2 X @ Day - I noted the cat enclosures and litter pans were much cleaner today. I also noted there is a clipboard with cleaning a schedule noting the times of day the cat enclosures are cleaned and the food and water checked or replenished (9am, 1pm, 5pm, 9pm). It was obvious today at 1:20pm the enclosures had been cleaned. All of the cats had food and water. I noted some fresh feces in the litter pans which can be expected. Management advised that the cat cages are now locked so the inner and outer cat room doors may be left open for extra ventilation. Except of the fresh feces I could not determine why there is somewhat of an unpleasant odor coming from this room as it appears clean. I am advising management to have someone pay close attention to removing the feces more often that the schedule requires to help determine if this is a cause of the foul odor coming from this room.

Continue to work to keep the cat litter pans and enclosures clean.
