Narrative Explanation, continued

I performed a "random' inspection at this facility today.

i noted the following inadequacies need to be corrected:

.0207 Sanitation (b) (2) I noted the accessories (toys) in the play yards were dirty. I advised the staff that all accessories shall be sanitized a minimum of once every seven days if the animal is housed in the same enclosure for more than 7 days. Toys in the play yards that multiple dogs have access to shall be sanitized daily.

.0207 Sanitation / Grounds - I noted the grass needs trimming around the inside of the privacy fence.

.0203 Outdoor / I noted that in both outdoor exercise yards the grass is badly worn in large areas. In order to be in compliance the grass yards must maintain a continuous carpet of grass with no bare dirt areas. The owner has the option of dividing the yards in order to give the grass time to re establish itself, install either gravel 6 inches deep or pour concrete and seal it or discontinue use of the play / exercise yards.

Comments:

I noted the building and enclosures were very clean, in good repair and odor free. I also noted the records meet the animal welfare requirements.

This facility has 30 calendar days to correct the identified items. I will return at some point in time after the 30 calendar day period for a re inspection of this facility.
