Item Number	Explanation of Inadequacy (circled items above) And Recommendation For Compliance	Date Corrections Must Be Completed
	I Performed an Annual Inspection Today. There were Several issues that need addressing to come into compliance	
	1) There is a wooden table and wooden stool in the play yard area. They need to sealed or if not removed.	
	2) There are plywood panels on side of the building. The boards are warped and waste water is on the wood. This has to be removed.	
	3) There is old towels, rugs and trash that needs to be removed.	
	4) There were alot of flies, there needs more vermin control.	
	5) The food is stored on the floor. Also open food containers. The food needs to be off the floor, and no open food bags.	
	6) There needs to be a thermometer in the kennel area to regulate the temp. This is an oversight. This issue is OK.	
	7) The weeds need to be removed from the fencing.	
	I am disapproving this facility. The above items need to be corrected with-in 48 days.
