

The Greater Charleston Pest Control Association Presents  
**Summer School 2009**

**Relevant Knowledge for Technicians and Managers**  
**Five Recertification Credits approved in SC, NC, Ga**  
**Recertification credit also applied for in FL, Al, Ky, and Tn**

Date: Tuesday Sept 29, 2009  
Time: 9:00am to 3:30pm  
Place: The College Center

**9:00 - 10:00**

**A New View of Termites** Dr Brian Forschler, University of Georgia

This presentation explains treatment mysteries to technicians and managers. It highlights new information about termites discovered in the last 5 years. This new information is changing our view of subterranean termite biology. It can also influence the way you and your technicians look at and perform termite control.

**10:00-11:00 Spiders and Stinging Insects** Dr Pat Zungoli, Clemson University

In order to answer homeowner questions and design control strategies, the technician needs to attack the most vulnerable aspect of the insect. The best way to do that is to understand the biology, behavior, habitat and control options.

**11:00-12:00 Your Termite Toolbox** Dr Forschler

Understanding how all the tools work can help you and your technicians reduce retreats.

**12:00-1:30 Lunch on Your Own** There are a wide variety of restaurants near Trident Tech.

**1:30-2:30 Inspection Tips, Tricks and Traps** Mr. Cam Lay, SC Dept. of Pesticide Regulation

Sometimes they are hard to find and sometimes they've had a little help along the way. Tour the light and dark sides of the glamorous world of WDO inspections with Cam. He presents and discusses several examples of common wood destroying organisms in structures and how to find, diagnose, and report them.

**2:30-3:30 Rodent Control** Mr. Larry Rowlett, Training Director, Terminix Service, Columbia

If shooting and trapping them doesn't work, what does? What really makes them go off and die? This presentation reviews the basics and explains advanced techniques for special problems.

**Exhibitors:** Registration fees are \$175 if payment is received prior to Aug 1. They are \$225 if paid between Aug 1 and Sept 22. This includes registration for 2 people and one exhibit table. Additional exhibit tables, spaces, and supplier attendees are \$75 each. Sponsorships are \$500 and are due by Aug 1. Although you may use this form to register, special rules and information apply to exhibitors. Please call Barbara McCollum at 843-297-1302 for a complete sponsor or exhibitor registration form.
