Item Number	Explanation of Inadequacy (circled items above) And Recommendation For Compliance	Date Corrections Must Be Completed
	I Performed a Courtesy inspection on 6/8/06. At that time was the ambient temp in the kennel area. The shelter needs to purchase bigger fans to keep the kennel cool in warmer weather. The shelter also needs to install a thermometer to regulate and observe temperature. This shelter is an indoor facility. The waste disposal is OK. I observed no odor. There was no evidence of insect or vermin. The building and grounds were OK. The animals had adequate and water, and food. The records had all the correct information. The isolation area was O.K. Need to look at purchasing larger cat cages. The shelter is in good condition for the age of the building. In the process 07/08 budget money has been requested to look at a new facility.
